

This inspection checklist is a risk management tool that should be completed prior to each match day. It is designed with amateur sports volunteers in mind to assist you to identify risks present on the day and to take steps to prevent injuries to players and others at the venue, which could result in claims against the Rugby Body.

Note: This inspection does not identify all risks. Gow-Gates and ARU suggest you use your own experience and initiative to identify any additional risks that may be present.

****If any risks have been identified (marked 'No'), provide details on the reverse including steps taken to reduce risks.**

This completed form should be kept on file by the Rugby Body.

Rugby Body: _____

Venue: _____

Date: _____
